

TAKE CONTROL OF YOUR ATOPIC DERMATITIS

The challenge of dealing with a complex condition like atopic dermatitis (AD), more commonly called eczema, can seem overwhelming, but you are not alone. One of the most important steps on your journey is talking to your healthcare provider about your AD. **ECZchanges: Talking about atopic dermatitis** provides you with resources that may help you better understand your condition, and discuss it openly and confidently with your healthcare provider.

ECZchanges: Understanding your AD
Video with Peter Lio, MD

ECZchanges in AD: Partnering with your practitioner
Video with Wendy Cantrell, DNP, CRNP

ECZchanges in AD: The patient perspective
Video with atopic dermatitis patients Holly and Pam

Eczema: Understanding what matters to you
